## 01  PROFILE

Results-oriented and ambitious student of software development, with a very firm foundation in JavaScript, PHP, MySQL, React JS, Java, and Next.js. Experienced in designing and developing to implement innovative solutions, including the creation of complex scheduling logics for healthcare applications that optimize workflow. Strong problem-solving skills, with a deep commitment to teamwork and collaboration in diverse environments.

Committed to continuous professional growth and lifelong learning in pursuit of applying emerging technologies that will help create better solutions for problems that face reality. Translates complex technical requirements into scalable and user-friendly products and seeks a role where creating value is at the center of every product. Adaptable, scrupulous attention to detail, high-achieving in rapid, demanding conditions.

## 02  EMPLOYMENT HISTORY

Mar 2024 — Feb 2026

Newyork

### Software Engineer at Google

- Developed REST APIs and implemented authentication protocols, such as OAuth, to securely expose data to clients
- Developed and maintained software in multiple programming languages, such as Java, Python, and JavaScript

## 03  EDUCATION

Nov 2023 — Jul 2026

Nyabihu

### Rwanda Coding Academy

A2

Graduated with high honours

Jan 2020 — Jul 2023

Huye

## Groupe Scholaire Officiel de Butare

O'level Certificate

## 04 SKILLS

Time Management ●●●●○

Good Communication ●●●●●

Teamwork ●●●●○

Project Management ●●●●●

Programming ●●●○○

CyberSecurity ●●●○○

## 05 CERTIFICATION

### Network Research

Acquired knowledge in network analysis, security, and tools for investigating network behavior.

### Python Fundamentals

Gained foundational skills in Python programming, focusing on problem-solving and code efficiency.

### Linux Fundamentals

Developed proficiency in Linux system administration, command-line usage, and basic shell scripting.

## 06 LANGUAGES

Francais ●●●○○

English ●●●●○

Kinyarwanda ●●●●●

Swahili ●●●○○

## 07 COURSES

Jan 2024 — Mar 2025

### Cyberium at ThinkCyber ltd

Jul 2023 — Jul 2026

### Software Engineering and Embedded Systems at Rca

Jan 2020 — Jul 2023

### General Sciences at GSOB

## 08 EXTRA-CURRICULAR ACTIVITIES

Oct 2024 — Oct 2024

### Capture The Flag events, AfricaCyberDefenseForum

Participated in coding challenges and Capture the Flag (CTF) events focused on system exploitation and cybersecurity.

Dec 2024 — Jan 2025

## Volunteering Activities

Assisted in designing and maintaining websites for local organizations, such as THEUPDATE RWANDA MEDIA HOUSE LTD.

**09  HOBBIES**

Driving, Football, Coding, Reading, Gaming
